

WHAT IS FOTONA VECTORLIFT?

A non-invasive combination of laser procedures for rejuvenation and lifting of the forehead and brow area, and firming of the upper eyelids and scalp. It induces collagen formation; the surface contraction results in firming of the skin. The skin is not damaged after the procedure.

WHICH LASER DO WE USE?

Fotona SP Dynamis.

HOW IS THE TREATMENT PERFORMED?

The skin is cleansed, the eyes are protected with laser goggles, and the procedure is performed. During the procedure, there is warmth and an occasional stinging and slight burning sensation, which quickly subsides.

After the procedure, the skin on the forehead does not appear damaged; a pinkish discolouration appears, which returns to normal within a few days. Very rarely, swelling and minimal peeling may occur. If desired, an anaesthetic cream is applied before the procedure.

HOW MANY REPETITIONS ARE NECESSARY?

For optimal results, one treatment per month is recommended, three to four times in a row, then once or twice a year, or individually, depending on the condition of the skin on the forehead.

THE SUCCESS OF THE PROCEDURE

After the first treatment, the forehead skin is already tighter and more radiant; more intense effects gradually appear over three to four months, with the maximum visible effect after six months. Four treatments are recommended for optimal results.

CONTRAINDICATIONS OR FOR WHOM IS THE PROCEDURE NOT SUITABLE?

For pregnant women and those who are hypersensitive to light, have active inflammation on the face or take phototoxic drugs.

SIDE EFFECTS AND COMPLICATIONS

Redness, swelling, dryness and peeling may rarely occur after the procedure, which subside within a few days.

POST-PROCEDURE INSTRUCTIONS

Applying a moisturiser and consistent sun protection is recommended.

You can return to work or your daily activities immediately after the procedure.

Prior to the examination, you must also fill out the Informed Consent form together with the doctor as regulated by the Patient Rights Act and the Doctor's Duty to Obtain an Informed Consent. The rules for filling out the form and the statement are presented upon your arrival at our institution.

PLEASE ASK US ABOUT ANYTHING YOU DID NOT UNDERSTAND IN THIS NOTICE AND WANT ADDITIONAL EXPLANATION FOR.

We will take care of your health and well-being to the best of our ability. Thank you for your confidence in us.
