

WHAT IS NEEDLE-FREE PRX PLUS BIOREVITALISATION?

It's a painless, needle-free procedure to brighten and lighten the skin of the face or body, stimulating a natural process of deep regeneration and brightening. The skin is brighter, firmer and more radiant already after the first treatment. It is suitable for sun-damaged, sagging, impure and dull skin, for the loss of clear facial lines, and as a prevention against loss of elasticity on the face, neck, décolletage and body.

WHICH PRODUCT DO WE USE?

PRX PLUS WiQo skin booster & brightening gel

HOW IS THE TREATMENT PERFORMED?

The skin is assessed and a protocol is established. The face is cleansed, the biorevitalisation product is applied and rubbed in, and any gel residue is removed with a wet blotting pad. WiQo nourishing and moisturising facial cream for dry skin is applied to the entire treated area to restore the hydrolipidic film and prevent dryness and soothe any temporary redness.

HOW MANY REPETITIONS ARE NECESSARY?

One every two weeks with three to five treatments. Depending on your skin type and problems, it may be different.

THE SUCCESS OF THE PROCEDURE

The skin is brighter, firmer and more radiant already after the first treatment.

CONTRAINDICATIONS OR FOR WHOM IS THE PROCEDURE NOT SUITABLE?

The skin must not be damaged. Not suitable for pregnant women and children.

SIDE EFFECTS AND COMPLICATIONS

There may be a mild burning and itching sensation felt during the procedure, which resolves immediately after the procedure. Exceptionally, mild redness may be present for a few hours after the procedure.

POST-PROCEDURE INSTRUCTIONS

At home, the skin should be nourished with a nourishing and moisturising face cream intended for dry skin, two to three times a day for the first few days and one to two times a day to maintain the effect.

You can return to work or your daily activities immediately after the procedure.

Prior to the examination, you must also fill out the Informed Consent form together with the doctor as regulated by the Patient Rights Act and the Doctor's Duty to Obtain an Informed Consent. The rules for filling out the form and the statement are presented upon your arrival at our institution.

IF YOU HAVE ANY QUESTIONS REGARDING THIS BROCHURE, PLEASE CONTACT US FOR FURTHER INFORMATION.

We will take care of your health and well-being to the best of our ability. Thank you for your confidence in us.
